

Fletcher

Fletcher, a 21 year old Thoroughbred Gelding, arrived October 25, 2009, went to his new home at a family run boarding facility on April 9, 2010. He has been adopted by one of our long term and dedicated volunteers who wants a horse for a best friend to go on leisurely trail rides with. He will be loved and well cared for, and we wish them many years of joy together, on all of life's trails.

Fletcher is boarded at WK Ranch – what a lucky boy! He was adopted by one of our former volunteers and is the love of her life. He is looking absolutely fantastic and as soon as he hears Mama's voice, he comes running – so sweet!
