

Taylor, our sweet and gorgeous appaloosa gelding that was adopted out to Brenda last year is doing so well. He has a great Buddy named Kappucino, and a new name; **Gabriel !!!**

Beautiful Trail Ride

Gabe and his other horse friends have lots of trails around the property, and through to the park right behind their place. The park has more trails, and is shared by humans, dogs, horses, and all sorts of activities, and has a lovely shallow lake for summertime fun.

Gabe the Camera Guy

Nice Park

Gabe and Sandy

Lotsa Luv

Gabriel (Taylor) is really enjoying the life there with 5 other horses, acres upon acres to roam and graze, and also being part of an Equine Assisted Therapy program, he gets lots of extra people attention (and of course treats to go along with it !). Brenda has trained all her horses in 'clicker training', and it's amazing to see how well they have learned some handy moves and some fun tricks.
